# Report on review of interim financial information

To the shareholders of AL HASSAN GHAZI IBRAHIM SHAKER COMPANY (A Saudi Joint Stock Company)

# Introduction

We have reviewed the accompanying condensed consolidated interim statement of financial position of Al Hassan Ghazi Ibrahim Shaker Company (the "Company") and its subsidiaries (collectively referred to as the "Group") as at March 31, 2023 and the related condensed consolidated interim statements of profit or loss and other comprehensive income, changes in equity and cash flows for the three-month period then ended and other explanatory notes. Management is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with International Accounting Standard No.34 - "Interim Financial Reporting" ("IAS 34"), as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

## Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of interim financial information performed by the independent auditor of the entity", as endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing, as endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

# Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

# Significant accounting policies (continued)

### 2.4 Critical accounting estimates and judgments

The preparation of the Group's condensed consolidated interim financial information requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of asset or liability affected in future periods. The Group based its assumptions and estimates on parameters available when the condensed consolidated interim financial information was prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

As at March 31, 2023, management believes that all sources of estimation uncertainty remain similar to those disclosed in the Group's annual consolidated financial statements for the year ended December 31, 2022. Management will continue to monitor the situation and any changes required will be reflected in future reporting periods.

Goodwill – note 4.1	9,854	9,854

Effective November 12, 2014, HGISC acquired effectively 100% shareholding in ASDAA Gulf Trading 4.1 Company ("ASDAA") for a purchase consideration of SR 20 million, which was in excess of the fair value of the net assets acquired by SR 9.9 million and has been recorded as goodwill. Based on the impairment assessment using value in use model made at the end of 2022 financial year, there was sufficient head room available, and accordingly, no impairment loss was recognized.

The Group's management performs goodwill impairment assessment annually and when there are indicators that the carrying value of goodwill may be impaired. Group's management believes that any reasonably possible change in the key assumptions used for impairment assessment performed on December 31, 2022 will not cause the carrying value of the goodwill to materially exceeds its recoverable amount. Accordingly, no impairment loss was recognized for the three-month period ended March 31, 2023.
