Independent auditor's report on review of condensed consolidated interim financial statements

To the Shareholders of Al Hassan Ghazi Ibrahim Shaker Company

Introduction

We have reviewed the accompanying 30 September 2020 condensed consolidated interim financial statements of **Al Hassan Ghazi Ibrahim Shaker Company** ("the Company") and its subsidiaries ("the Group") which comprises:

- the condensed consolidated statement of financial position as at 30 September 2020;
- the condensed consolidated statement of profit or loss and other comprehensive income for the three-month and nine-month periods ended 30 September 2020;
- the condensed consolidated statement of changes in equity for the nine-month period ended 30 September 2020;
- the condensed consolidated statement of cash flows for the nine-month period ended 30 September 2020; and
- the notes to the condensed consolidated interim financial statements.

Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 September 2020 condensed consolidated interim financial statements of **Al Hassan Ghazi Ibrahim Shaker Company** and its subsidiaries are not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

AL HASSAN GHAZI IBRAHIM SHAKER COMPANY

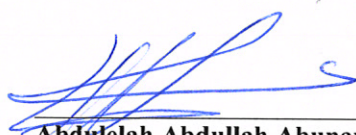

(A Saudi Joint Stock Company)

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS**(UNAUDITED)**

For the nine months ended 30 September 2020

1. REPORTING ENTITY

- 1.1. Al Hassan Ghazi Ibrahim Shaker Company (the “Company” or the “Parent Company” or “HGISC”) was registered as a limited liability Company in the Kingdom of Saudi Arabia under Commercial Registration number 1010149252 dated 26 Dhul Qadah 1418H (corresponding to 25 March 1998). The Company converted from a limited liability company to a closed joint stock company pursuant to the Ministerial Resolution No. 275 on 17 Shabaan 1429H (corresponding to 18 August 2008).
- 1.2. The Parent Company offered 10.5 million shares to the public, during the subscription period from 26 April 2010 (corresponding to 11 Jumada Awal 1431H) to 2 May 2010 (corresponding to 17 Jumada Awal 1431H). The Parent Company’s shares started trading in the Stock Exchange on 17 May 2010 (corresponding to 3 Jumada Thani 1431H). Accordingly, after successful completion of the IPO (Initial Public Offering Process), the Parent Company was declared as a Saudi Joint Stock Company with a share capital of SR 350 million, divided into 35 million shares of SR 10 each. On 29 March 2015, a bonus of four shares for every five ordinary shares outstanding was issued and resultantly the share capital of the Company was increased from SR 350 million to SR 630 million.
- 1.3. The Group has branches which are operating under separate commercial registrations.
- 1.4. The Parent Company is engaged in the trading and wholesale of spare parts, electronic equipment, household equipment and air-conditioners, and maintenance of the items mentioned above and to provide agency services for those companies which are in the same business.
- 1.5. The Company’s registered office is located at the following address:
Shaker Group Building
Alsahafa District
King Fahad Road
Riyadh 11422
Kingdom of Saudi Arabia
- 1.6. These condensed consolidated interim financial statements include the financial position and performance of the Company and its branches as well as the following subsidiaries (collectively referred as the “Group”).

Direct and indirect subsidiaries

- 1.7. These condensed consolidated interim financial statements were approved by the Board of Directors on 22 Rabi I, 1442H (corresponding to 8 November 2020).

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES**2.1 Basis of preparation****a) Statement of compliance**

These interim financial statements have been prepared in accordance with IAS 34 Interim Financial Reporting as endorsed in Kingdom of Saudi Arabia and other standards and pronouncements issued by Saudi Organization for Certified Public Accountants - SOCPA ("IFRSs"). These interim financial statements should be read in conjunction with the Group's last annual consolidated financial statements as at and for the year ended 31 December 2019 ('last annual financial statements'). They do not include all of the information required for a complete set of IFRS financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual financial statements.

b) Basis of measurement

The condensed consolidated interim financial statements have been prepared on a historical cost basis except for the defined benefit plan which is measured at present value of future obligations using Projected Unit Credit Method. Further, the condensed consolidated interim financial statements are prepared using the accrual basis of accounting and going concern concept.

The financial performance of the Group deteriorated in the recent years due to decline in the sales volume which resulted in operating losses and the accumulated loss position. During the nine-month period ended 30 September 2020, the Group has reported a net profit of SR 6.2 million (2019: loss of SR 45.3 million) and, as of that date, reported accumulated losses of SR 140.1 million (31 December 2019: SR 146.9 million). The Group has, through its business strategies to curtail previous years losses, coupled with the lifting of the local lockdown restrictions and a beneficial impact in quarter 2 of changes in local fiscal measures, has managed to increase its sales levels resulting in a profit during the nine-month period ended 30 September 2020.

As the impact of the outbreak of COVID 19 continues to evolve, coupled with a second wave of the pandemic witnessed by some of the countries, it remains difficult to forecast the full extent and duration of the economic impact. The Group continues to manage its trading activities, supply chain and collections of its receivables. Management, expects a continuation of the gradual improvement in its business activities based on the local measures undertaken by the government. Further, the Group's ability to meet its obligations as they become due, depends on its ability to manage the current downturn in economic activities and in subsequent periods enhancement of its results and cash flows, continued improvements in its working capital and the renewal or refinancing of loan facilities.

AL HASSAN GHAZI IBRAHIM SHAKER COMPANY

(A Saudi Joint Stock Company)

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (UNAUDITED)

For the nine months ended 30 September 2020

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.1 Basis of preparation (continued)

b) Basis of measurement (continued)

In assessing the going concern assumption, the Board has reviewed the base case plan for the next twelve months along with the comparison of budget with the actual for the current period. In the normal course of business, the Group negotiates with the banks to renew and / or refinance its facilities as and when they fall due. (During the nine months period ended 30 September 2020, the Group has successfully renewed certain facilities, which were under negotiation as at 31 December 2019). The Board expects successful negotiations and continuity of facilities renewals in future periods as required. In consideration of cash flows forecasts, certain trading initiatives i.e. improving sales volume, improved gross margins, actual and continued working capital improvements in the remaining period of 2020 and subsequently, the Group expects to meet its obligations as they become due in the normal course of operation.

Based on the factors described above, the Group has a reasonable expectation that it will be able to operate as a going concern for the foreseeable future. Accordingly, the consolidated financial statements have been prepared under the going concern basis.

c) Functional and presentation currency

The condensed consolidated interim financial statements are presented in Saudi Riyal ("SR") which is the functional currency of the Parent Company, and all values are rounded to the nearest thousand except when otherwise indicated.

d) Basis of consolidation

The condensed consolidated interim financial statements comprise the financial statements of the parent company and its subsidiaries as at 30 September 2020. Subsidiaries are entities which are controlled by the Group. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed off during the period are included in the condensed consolidated interim financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

AL HASSAN GHAZI IBRAHIM SHAKER COMPANY

(A Saudi Joint Stock Company)

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
(UNAUDITED)**

For the nine months ended 30 September 2020

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.1 Basis of preparation (continued)

d) Basis of consolidation (continued)

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any non-controlling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in consolidated statement of profit or loss
- Reclassifies the parent's share of components previously recognised in OCI to consolidated statement of profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

2.2 Significant accounting policies

STANDARDS ISSUED BUT NOT YET EFFECTIVE

A number of new standards are effective for annual periods beginning after 1 January 2020 and earlier application is permitted. The Group has not early adopted the new or amended standards in preparing these condensed consolidated interim financial statements.

The following amended standards and interpretations are not expected to have a significant impact on the Group's condensed consolidated interim financial statements.

- Classification of liabilities as current or non-current (Amendments to IAS 1)
- IFRS 17 Insurance Contracts
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28).

3 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

Use of estimates and judgements:

The preparation of condensed consolidated interim financial statements requires management to make judgment, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods. The significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Group's annual consolidated financial statements for the year ended 31 December 2019.

Judgements:

Information about judgements made in applying accounting policies that have the most significant effects on the amount recognized in the condensed consolidated interim financial statements is included in the following notes:

- Note 1.6 - consolidation: whether the Group has de facto control over an investee.

Estimation uncertainty and assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Impairment of inventories (note 6)

Inventories are held at the lower of cost and net realisable value. When inventories become old or obsolete, an estimate is made of their net realisable value. For individually significant amounts this estimation is performed on an individual basis. Amounts which are not individually significant, but which are old or obsolete, are assessed collectively and a provision applied according to the inventory type and the degree of ageing or obsolescence, based on historical selling prices.

AL HASSAN GHAZI IBRAHIM SHAKER COMPANY

(A Saudi Joint Stock Company)

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (UNAUDITED)

For the nine months ended 30 September 2020

3 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS (CONTINUED)

Estimation uncertainty and assumptions (continued):

Impairment of trade and other receivables (note 7)

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns. The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed. The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions.

Impairment of non-financial assets (notes 4 & 5)

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs of disposing of the asset. The value in use calculation is based on a discounted cash flow (DCF) model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Group is not yet committed to or significant future investments that will enhance the performance of the assets of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes. These estimates are most relevant to goodwill and other intangibles with indefinite useful lives recognised by the Group.

Warranty

Provisions for warranty is recorded based on an estimate and the actual cost and timing of future cash flows are dependent on future events. The difference between expectation and the actual future liability is accounted for in the period when such determination is made.

Customer rebates

Accounting for the amount and timing of recognition of customer rebate require the exercise of judgement. The rebate relates to the customers for achieving agreed purchase or sales targets within a set period. Where rebate span different accounting periods, the amount recognised in each period is estimated based on the probability that the customers will meet contractual target volumes based on historical and forecast performance.

Employee benefits (note 11)

The cost of end of service benefit plans and the present value of end of service benefit obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and future pension increases. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The mortality rate is based on publicly available mortality tables for specific countries. There are no publicly available mortality tables for the specific country. Future salary increases, and pension increases are based on expected future inflation rates and the management outlook for the respective country.

5 EQUITY ACCOUNTED INVESTEEES (CONTINUED)

5.1 The following table summarises the financial information of a material associate - LG Shaker. The table also reconciles the summarised financial information to the carrying amount of the Group's interest in the associate.

LG Shaker is a mixed limited liability company registered in KSA under the commercial registration number 1010226606 Dated 4 Dhul Hijjah 1427 H (25 December 2006). The main activity of the Company is to manufacture various types of air conditioners.

	30 September 2020 (Unaudited)	<i>31 December 2019 (Audited)</i>
	SR	SR
Balance as at:		
Non-current assets	99,139	104,417
Current assets	302,757	268,913
Non-current liabilities	(7,385)	(6,310)
Current liabilities	(70,703)	(82,940)
Net assets	323,808	284,080
Group's share of net assets	165,298	145,144
Goodwill	311,984	311,984
Carrying amount of interest in associate	477,282	457,128

	30 September 2020 (Unaudited)	30 September 2019 (Unaudited)
Revenue	257,683	223,647
Total comprehensive income before Zakat & Tax	44,450	34,745
Group share of total comprehensive income after Zakat	20,154	13,929

The recoverable amount of this equity-accounted investee was based on fair value less costs of disposal, estimated using discounted cash flows.

The key assumptions used in the estimation of the recoverable amount are set out below. The values assigned to the key assumptions represent management's assessment of future trends in the relevant industries and have been based on historical data from both external and internal sources.

	30 September 2020 (Unaudited)	<i>31 December 2019 (Audited)</i>
Discount rate	14.2%	14.2%
Terminal value growth rate	2.0%	2.0%
Budgeted EBITDA growth rate (average of next five years)	19.0%	19.0%

The management of the Group has assessed the carrying value of LG Shaker as at 31 December 2019 in detail. Management has considered the underlying impact of the COVID-19 situation on the carrying value and do not consider any impairment as at 30 September 2020.

At 30 September 2020, the authorized, issued and paid up share capital of the Company is SR 630 million consisting of 63 million shares of SR 10 each.

9 STATUTORY RESERVE

The new Saudi Arabian Regulations for Companies issued on 25 Rajab 1437H (corresponding to 2 May 2016) requires companies to set aside 10% of its net income in each year to a statutory reserve until such reserve reaches 30% of the share capital. This reserve is currently not available for distribution to the shareholders of the Company. Due to accumulated loss position as at 30 September 2020, no such transfer was made as at the current reporting date.

10 BORROWINGS

The Group has credit facility agreements with local and foreign commercial banks for long and short term borrowings in Saudi Riyal, US Dollar, United Arab Emirates Dirham and Jordanian Dinar. Such facilities were obtained principally under Murabaha / Tawarruq arrangements. The utilised portion of the long term facilities are repayable on equal monthly instalments ranging between four to six years. The facility agreements are secured by promissory notes. Corporate guarantees of the Group are provided wherever required for loans to subsidiaries. The facilities bear financial charges on prevailing market rates. The agreements contain certain covenants, which among other things, requires certain financial ratios to be maintained.

14 OPERATING SEGMENTS

For management purposes, the Group is organized into three main business segments based on internal reporting provided to the chief operating decision maker:

Heating, ventilation and air-conditioning solutions (HVAC): Represents residential and commercial air conditioners including chillers and related services.

Home appliances: Represents televisions, washing machines, dryers, refrigerators, irons, gas cookers, and floor care.

All others segments represents energy solutions and mobiles.

The Executive Management Committee monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessments. Segment performance is evaluated based on profit or loss and its measured consistently with profit of loss in the consolidated financial statements.

Transfer prices between operating segments are on arm's length basis in a manner similar to transactions with third parties.

15 SEASONALITY OF OPERATIONS

The group's HVAC solutions segments is subject to seasonal fluctuation as a result of weather conditions. In particular, the sale of air conditioners in key geographic areas are affected by winter weather conditions, which occur primarily during October to March. The group attempts to minimize the seasonal impact by managing inventories to meet demand during this period.

For the 12 months ended 30 September 2020, the HVAC solutions segment reported revenue of SR 535 million (for 12 months ended 30 September 2019: SR 562 million) and net loss of SR 24.3 million (net loss for 12 months ended 30 September 2019: SR 133 million).

19 ZAKAT AND FOREIGN INCOME TAX LIABILITIES

During the current quarter the GAZT raised its final assessment for the year 2014. Management subsequent to the current quarter has contested the aforesaid final assessment (raised by GAZT) by filing its objection to the appellate authorities. Further, the GAZT is in the process of seeking additional information from the company to finalize its Zakat assessments for the years 2015 to 2018. The Group is submitting its replies for the queries raised by the GAZT and the final assessments are yet to be raised by the GAZT for the aforesaid years (i.e. 2015-2018). Management believes that the current level of provisioning insufficient.
